

NOTE: These are our preferred detailed driving instructions, which will bring you up the south side of Orchard Rd so that the farm entrance is on the LEFT -- especially if you are trailering! Most online maps/directions (MapQuest, Google Maps, etc.) will work here ... but be aware that driving directions from those services may take you up the steep and twisty north side of Orchard Rd, in which case the farm will be on your RIGHT; also, make sure your search is for Orchard ROAD, not Orchard Lane, which is on the other side of the county from us!
